Operation Instructions

Using FM Transmitter function

Plug the FM transmitter into your vehicle's cigarette lighter or power port.

Tune your radio to an unused FM frequency (as pics advised), then match the same frequency of this unit.

Insert USB disk which containing MP3 files into left USB slot. It will play and transmit the file automatically. Follow the pics as attached to control your music easily.

Using Bluetooth function

Using Bluetooth for the first time, you need to pair your mobile phone with this unit. Activate your mobile phone's Bluetooth function, then search new device. When the mobile phone detects this unit (named as "ESPRIT"), please pair and connect by using the original password "0000"(if needed).

In the music playing mode, when there is an incoming call, this unit will automatically switch to telephone mode.

Bluetooth calling

Please press to answer the incoming call. Press and hold to reject the call.

Please press hang off a call.

Press twice to dial the last Number automatically.

During a call, press and hold to switch a private conversation.

When making a call, you can only dial the phone number by your mobile phone, but once the call connected, you can use the hands-free function to enjoy it.

Using USB charger function

Connect the USB Charger port (two ports both ok) to your mobile phone, with a USB cable (not included) when this product powered from car lighter socket, the product will serve as mobile phone charger.

Please note: The maximum output of left USB is 2.4A.

The maximum output of QC3.0 port is 3 A.

Read MP3/WMA files in USB disk by left USB.

Bass Music

When listening the music by USB or mobile phone. Press the button “b” to enjoy the bass audio music. Press again to get back the original audio.
Press and hold the button “b” to turn off FM transmission, LED Display and LED lights (only charging function is reserved).

RGB light

Press the light switch button to change different lighting style. Sequence is as below:

Red (C01) -> Green (C02) -> Blue (C03) -> White (C04) -> Dancing (only while music playing mode
- Micro SD/BT/USB-Disk) -> Off

Voice Assistant

Press and hold the light switch button to enter Siri/Google voice assistant.
